EDUCATION

B.S. in Computer Science

Namal University Mianwali

04 / 2022 - 06 / 2026

Courses

- Programming Fundamentals, Object-Oriented Programming, Data Structures & Algorithms, Database, Web Development, Cloud Computing, Artificial Intelligence & Machine Learning

PROJECTS

FitZone: Vision-Based Gym Monitoring & Assistance

Final Year Project

Built AI vision system using MoveNet, MediaPipe, and InsightFace with 85% recognition accuracy. Developed real-time gym app processing 18+ FPS and detecting 3 users simultaneously.

11 / 2025 - Present

OTT Reseller Platform

International Client

Built OTT subscription platform using WordPress custom development, REST APIs, payments, and authentication for 500+ users with role-based admin dashboard and performance optimization.

01 / 2025 - 02 / 2025

GBone Apparel - Full E-Commerce Fashion Platform

International Client

Built e-commerce platform using React, Firebase, and Node.js with payments and authentication for 20+ products. Used Git/GitHub for team collaboration and scalable admin features.

12 / 2025 - 01 / 2026

AICON - Academia Industry Collaboration Network

Pakistani Client

Built full-stack platform with Firebase authentication and scalable backend supporting 3 roles (University, Industry, Super Admin). Managed 500+ records with testing, debugging, and secure data access.

WORK EXPERIENCE

Web Developer Intern

T4Tutorials

Developed responsive websites using HTML, CSS, JavaScript, and WordPress, improving UI/UX, performance, and debugging issues while participating in team discussions and performance improvements.

03 / 2024 - 09 / 2024

SKILLS

Programming Languages: JavaScript ES6+, Python, C++, SQL

Frontend Development: React.js, React Native, HTML5, CSS3, Tailwind CSS

Backend Development: Node.js, Express.js, REST APIs, JWT Authentication, MVC Architecture

Databases: MySQL, Firebase, MonogoDB, Database Design, CRUD Operations

Cloud & DevOps: Microsoft Azure (Basic), Linux, Deployment, CI/CD Pipelines (Basic)

Tools & Platforms: Git, GitHub, Postman, VS Code, WordPress, Burp Suite

ACHIEVEMENTS

2nd Position in Web Development

VSpark 2025

Secured 2nd position in web development competition by delivering collaborative full-stack frontend and backend solution.

5th Position in Programming Competition

Namal University Codex competition

Achieved 5th position in programming competition through strong coding, analytical thinking, and problem-solving skills.

CERTIFICATES

Web Development Bootcamp

Angela Yu (Udemy)

Learned full-stack web development using modern technologies. / Built responsive, interactive web applications with practical projects.

AI & Backend Development Training

Circular Byte Pvt. Ltd.

Developed AI CV generator and RAG systems using FastAPI, AI/ML integration, LinkedIn, and GitHub APIs.
